

Toronto District School Board
R.R. # 1, Orangeville,
Ontario, L9W 2Y8

Website:
<http://toes.tdsb.on.ca>

Program Highlights:

- ◆ Pond Study
- ◆ Archery and Lacrosse
- ◆ Geology Hike
- ◆ Instincts for Survival

Evening Programs:

- ◆ Co-op Games and Campfire
- ◆ Night Hike

Curriculum Connections:

- ◆ Science and Technology
- ◆ Physical Education

Special thanks to the Visiting Teachers:

- ◆ **Ms. Jacobs**
- ◆ **Ms. Simpson**
- ◆ **Mr. Beer**
- ◆ **Mr. Biglands**

These teachers actively participated in our programs during their stay. They also gave up their personal time to supervise overnight in the dorms for the entire trip. We truly appreciate their dedication and hard work.

Mono Cliffs 20th Anniversary Open House

Saturday October 28, 2006

Parents and students welcome

For details see our website: <http://toes.tdsb.on.ca>

During the **Instincts for Survival** program students played the role of a herbivore, omnivore or carnivore. They learned what these animals need to survive as well as how challenging survival can be.

On the **Geology Hike** students walked to the Niagara Escarpment in Mono Cliffs Provincial Park. They found fossils in the over 400 million year old dolomite rock and explored a crevice at the base of the cliff.

Archery was a very popular activity with all of the students. They learned the basic skills and then had a chance to improve their aim at the targets.
