Literacy

	iWriteWords gdipius	\$2.99	iWriteWords teaches your child handwriting while playing a fun and entertaining game. Help Mr. Crab collect the numbers in sequence by dragging him with your finger - and drawing the letter at the same time. Once all the letters in the word are drawn properly, a cute drawing appears. Tilt your iPhone or iPod Touch and watch the letters slide into the rotating hole and advance to the next level.
	Letter Tracer preschool letters writing practice Niftybrick Software	\$0.99	LetterTracer is an educational tool that helps preschoolers and other pre-reading children trace and paint letter and number shapes. Early exposure to letters and numbers helps prepare children for reading and writing in grade school. LetterTracer's three-way combination of visual letters, interactivity via tracing, and a spoken voice-over helps children learn and retain the alphabet.
	Dr. Seuss's ABC Oceanhouse Media	\$3.99	From Aunt Annie riding an Alligator to the Zizzer-Zazzer-Zuzz, Dr. Seuss teaches young readers the ABC's through hilarious words and pictures, guaranteed to entertain any young child.
	BK Alphabet QD Ideas, LLC	Free	Let your little ones study the alphabet with the beautiful artwork of Josh Taylor in a fun, interactive environment! Through gorgeous illustrations and rich sensory feedback, your children can move through the alphabet at will, hearing the letter pronounced and the name of the matching illustration spoken.
	Starfall Snowman Starfall Education, LLC	\$0.99	Children love making snowmen and listening to the charming "Ten Little Snowmen" song. Learn to count to ten and read essential vocabulary while you play. Practice has never been more fun! In this App edition, create a snowman gallery and match number sets to number symbols, and colors to color words.
	ABA Flash Cards Kindergarten.com The entire series	Free	At Kindergarten.com our flash cards are specifically created to stimulate learning and provide tools and strategies for creative, effective language building. Flash cards can be a great tool for fostering the mastery of new words, building vocabulary and conveying new concepts
	ABA Receptive Identification Kindergarten.com The entire series	\$0.99	Many children with emerging language skills do not think of things as having parts, attributes or fitting into categories but these are necessary for developing appropriate, functional conversation skills. Once a child can ask for, label and receptively identify a great many items, it's a good time to start teaching the FFC's or rather feature, function and class of items, people and places. These lessons teach a child to talk about things rather than just labeling them.
	ABA Problem Solving Game Kindergarten.com The entire series	\$0.99	Teaching problem solving helps children develop discrimination and reasoning skills. Children will learn to group similar items together or discriminate which items do not belong in a group

Numeracy

	Toddler Counting iTot Apps, LLC	\$0.99	Designed by parents in coordination with preschool teachers, Toddler Counting helps teach basic counting skills, and even makes it fun for your toddler. This app is a follow-on to the wildly popular Toddler Flashcards
	Sort Slider zinc Roe Inc.	\$1.99	This is a highly entertaining way to learn about shapes. Children match amusing items with an object's silhouette—everything from umbrellas, flowerpots and pigeons to baseball caps. And it's easy to make a match
	PatternPainter zinc Roe Inc.	\$1.99	Children complete basic shape patterns by tapping the next shape. Then they get to draw the correct shape. The app's built-in shape recognition means beginners get extra help with easy-to-follow tracing animations. Jinja the cat, Robin the bird and Harvey the dog also appear for comic relief.
	iCount for Baby Neoco	\$0.99	iCount for Baby was made for the first kid in our agency. It's a simple application that counts from 1 thru 10 when the screen is touched. It's bright, bold and speaks the numbers. It's seen as a fun learning tool for the very young. There are a few features that make this ideal to turn on, give to your kid and not worry about them losing interest:
	Count TV Sesame Workshop Apps	\$2.99	Count TV is the third app in the Count with Sesame Series. Your child can learn about numbers and watch videos simply by pressing any number on the Count's remote control! As different objects appear on screen, your child can touch each one to help the Count with his favorite activity - counting!
	Matches Bjango	Free	Match up pairs of cards with the same image to test your memory! Matches is full of fun sounds and colorful illustrations of animals, transport, numbers and letters. Three different difficulty levels will keep kids entertained and adults challenged.
