Dear Parents, Caregivers and Friends of Humberwood Downs,

Here at Humberwood Downs we have caught a small glimpse of the technological future and it beckons us on. We continue to give students today but also tomorrow – a grand future.

Some of the things we have in place already are:

- Computers in every classroom
- A full lab with 30 computers
- A bank of 8 computers in the library
- A visit in May 2011 and again in October 2011 from the Promethean Bus from Atlanta Georgia. We saw a demonstration classroom on the bus using the interactive whiteboard.
- 10 Promethean Boards
- Grade 6 – Mobile Computers
- Grade 7 & 8 Student Computer Club

A number of parents and friends have told us in person or through the parent council that they would be interested in making a donation to technology at Humberwood Downs. How exciting – another example of partnerships. We have listened, and have done some exploration re: donations. Here is the amazing news we have to share with you!
