

# Health and Safety

In order to heighten the awareness of the whole Humberwood community re: life-threatening allergies, we have created a logo that everyone will get to know. The logo is called **FAZ – Food Allergy Zone** and it means that we are an allergy-sensitive environment. The logo is pictured below. It will be posted outside classes where students have life-threatening allergies and in the lunchroom.

We are proud that we can support all our children at Humberwood Downs.

Thank you in advance for your co-operation.

**An Allergy- Sensitive**

**“The best thing we can do for our children is to help them get started properly.”**

**Hannah Whitall Smith**
